

LONG NIGHTS - A GROUP EXHIBITION

It has been a fantastic first year for us here at William Angel Gallery, and we would like to celebrate with a group exhibition of some of our favourite artists from 2008.

These are artists that really stood out for us in terms of style, concept or originality.

These artists range from established multiple prize-winners to recent graduates.

This is a rich and diverse group exhibition in stark contrast to the drab darkness and long nights as winter draws on.
